AF/XOL CONOPS
Operation UNIFIED ASSISTANCE

Colonel Dan Richards
Director
Air Force Lessons Learned
(AF/XOL)

U.S. AIR FORCE

Purpose

- **Capture and highlight OUA lessons that apply to airpower capabilities brought to bear by the JFACC/COMAFFOR in order to improve the organization, planning, and execution of future joint operations**
  - **Primary mission elements**
    - **Collect observations/conduct initial assessment**
    - **Incorporate/Publish Observations/Lessons Learned**
  - **Additional mission elements**
    - **Institutionalize warfighting analysis & improvements process**
    - **Assist development of PACAF Lessons Learned**

AF/XOL invited by PACAF/DO (CSF 536 JFACC/COMAF

Deliverables

- **Lessons Learned Report includes:**
- **JFACC/COMAFFOR Lessons and Observations**
  - **Main body of report**
- **“By the Numbers”**
  - **Stand-alone publication**
- **ALMS Annex**
  - **Import issues to Advanced Lesson Management System (ALMS) for tracking of solutions/knowledge sharing**

Recommendations

- **Increased coordination/integration of COCOM/Service lessons collection efforts in future joint operations**
- **Develop ROE in joint exercises**

Major Findings (Challenges)

- Command organization and relationships
- Command and Control operations and relief supply movement processes
- Communications shortfalls
- Manning needs

Major Findings (Successes)

- Use of Air Component Coordination Element (ACCE)
- Value of standing C2 capabilities
  - Pacific Air Operations Center (PAOC)
  - Air Mobility Operations Control Center (AMOCC)
- Deployment of Tanker/Airlift Control Elements (TALCE) and Mission Support Teams (MST)
- Value of theater security programs and exercises
